THE GOVERNOR
BARINGO COUNTY
P.O BOX 530400
KABARNET

THRO;
THE EXECUTIVE COMMITTEE
WILDLIFE AND TOURISM
BARINGO COUNTY.

Your Excellence,

**REF: COMPLAINT FROM KAMNOROK NATIONAL
GAME RESERVE TASKFORCE**

We the following wish to register our displeasure in the way the mandate given to us and others is being handled.

It is in the public domain that the report has been compiled and the governor is to launch it anytime without the awareness of the taskforce members.

The members never sat down and compiled a report the reason is that the mandatory time expired before finalizing the work.

The time was not extended by His Excellency the Governor.

Another reason was that the county government of Baringo alleged there was no money to extend the term of the taskforce and no money to pay the members and we were told that the county assembly were to debate the allocation of some money to finalize the task.

We hereby notify the concerned that any report presented to the governor without our signatures and without the members compiling the report showing the true ground participation and without the members recommendation we distant ourselves from it.
